

COOKIE USAGE POLICY

The information below is the Chimpex Policy regarding the general terms and conditions of use of the www.chimpex.ro site (the "**Website**") and related cookies.

What are cookies?

Cookies are small files made up of letters and numbers that are stored on your computer, mobile terminal, or other equipment on which the Internet is accessed. The cookie is installed through a web browser request from a browser (e.g. Internet Explorer, Google Chrome), does not contain software, viruses or spyware, and cannot access the information on the user's hard disk. The information collected by cookies does not contain names, data filled in forms or other personal data of this kind, but they contain a unique ID to distinguish one visitor from another, which makes this ID a personal data.

A cookie consists of 2 parts: the cookie name and its content or value. The length of life is determined for each cookie and differs according to its purpose. Only the web server that sent the cookie may access it again when a user returns to the site that is associated with that web-server.

Types of cookies

Depending on their purpose, cookies are divided into two categories: session cookies and persistent cookies.

Session cookies are temporarily stored, only during browsing, by the user's internet browser. These cookies record, for example, the opening of the browsing session and are necessary to ensure the proper operation of the Website.

These are also called necessary cookies or functionality cookies, and are automatically active, and are not subject to the consent of the visitor. Also, because webpages do not have a specific memory, session cookies are automatically deleted when the browser is closed or when a particular session has been idle for a certain amount of time.

Persistent cookies are stored on the computer or device from which the user accesses the Website and retain user preferences for a particular site (e.g., the preferred language for using the site). These cookies help improve the way the site is used, taking into account the behavior of each user in the site navigation. These cookies have a longer lifetime, but may be deleted at any time from the terminal used by changing the browser settings.

Third party cookies are included in this category. These are cookies placed by third parties on a site and used to store the interests of a user, so that he/she receives relevant advertising in his/her category of interest.

You can find more details on how to clear cookies or how to manage cookies on different browsers by accessing the links below:

[Apple Safari](#)

[Google Chrome](#)

[Microsoft Edge](#)

[Microsoft Internet Explorer](#)

[Mozilla Firefox](#)

[Opera](#)

[Android fChrome\)](#)

[Blackberry](#)

[Iphone or Ipad fChrome\)](#)

[Iphone or Ipad fSafari\)](#)

The website uses only one type of cookies described in the table below.

Name	Source	Type of cookie	Length of life
PHPSESSID	www.chimpex.ro	Session cookie	Expires upon closing the session

Chimpex reserves the right to modify this Policy when deemed appropriate. For this reason, we encourage you to check regularly the Cookie Usage Policy.
